

# Welcome to Columbus County Conservative!

Our mission is to 'inform and create a neighborhood' of fellow citizens here in Columbus County. We are a source of truth and information and a platform for our followers. We welcome everyone...Republican, Democrat, and unaffiliated but encourage you to change your party affiliation so we will have one large voice and to show the Democrat Party ...we are not happy with the direction they are going and do not intend to be pulled down that path.

Tell us what you think we need to do to get people involved this is your soap box to stand on and be heard.
