

# Congressman Rouzer Blast the Democrats for impeachment

Congressman Rouzer speaks on the floor about the impeachment scam.

December 18, 2019 Dear Friend, Moments ago, I cast my vote in the House of Representatives against the Democrats' articles of impeachment of President Trump. Since the day President Trump was elected, many Democrats in Congress have sought to overturn the result of the 2016 campaign and remove the President from office. It's a sad day when partisanship and hatred of the President outweigh the facts and the evidence – and today was a sad day, indeed. I spoke on the House floor during debate on the articles of impeachment, to lay out just how dishonest this process has been from the outset. You can watch a video of my comments below: Now that the votes have been cast, it's my hope that this madness will wane and we can focus solely on the challenges – foreign and domestic – facing our country and hardworking North Carolina families. Sincerely,
