

Resolution to censure Senator Burr

This is the letter of censure being sent from our 7th District which includes Columbus County to censure Senator Richard Burr which will be matched by other districts in the state.

Whereas, the North Carolina Republican Party was unified in its commitment to elect republican senatorial candidate Richard M. Burr, contributing countless hours and millions of dollars in donations to his campaigns in 2004, 2010 and 2016; and

Whereas, the people of North Carolina elected U.S. Senator Richard M. Burr to the U.S. Senate three times to uphold the oath of office to support and defend the Constitution of the United States; and

Whereas, as a U.S. Senator, Richard M. Burr rose to the position of Chairman of the Senate Intelligence Committee, with access to the nation's most sensitive classified information; and

Whereas, in May 2019, after close-out of the Mueller Report finding no collusion between Russia and the 2016 Trump Campaign, Senator Burr issued a Senate Intelligence Committee subpoena to Donald Trump, Jr., unwisely extending the more than 2-year investigation and distracting the President and his team from other, more important duties; and

Whereas, in his capacity as Chairman of the Senate Intelligence Committee in early 2020, Senator Burr received special intelligence briefings about the potential impacts of the Chinese Coronavirus on national business and finance of the Chinese Coronavirus, information not available to the general public or Wall Street; and

Whereas, Senator Burr co-authored a Fox News Op-Ed on February 7, 2020 lauding U.S. preparation and readiness for COVID-19, expressing confidence the U.S. Pandemic and All-Hazards Preparedness Act has postured the U.S to adequately manage the Coronavirus and other future biological threats; and

Whereas, on the eve of the early 2020 stock market high on February 13, 2020, Senator Burr (and his relatives) liquidated 33 stocks he owned, valued between \$628,000 and \$1,700,000, which eventually led to SEC and FBI investigations into possible illegal insider trading ahead of the 2020 stock market crash; and

Whereas, the appearance of insider trading by Senator Burr triggered subpoenas of his cell phone and personal records, resulted in a 10-month investigation; and caused him to step down as Chairman of the Senate Intelligence Committee, damaging the reputation of the Republican National Committee and the Republican Party of North Carolina; and

Whereas, on February 9, 2021 Senator Burr voted against proceeding with the second impeachment trial of President Donald J. Trump because it was unconstitutional; and

Whereas, on February 13, 2021 Senator Burr was one of only seven republican senators who voted to convict former President Donald J. Trump, assigning responsibility to him for promoting conspiracy theories (which was not a charge in the impeachment) and for inciting an insurrection (which was disproven at trial).

Therefore, be it resolved, the Executive Committee of the GOP 7th Congressional District formally and irrevocably censures U.S. Senator Richard Burr for gross impropriety in a position of sacred trust, for disloyalty to the President, and for failing to uphold the conservative principles of the

Republican Party of North Carolina during his service to the state and nation as a U.S. Senator.
